Scripture

The Bible is clear that the Earth is not a planet. In the book of Isaiah, it is written, "He sits enthroned above the circle of the Earth, and its people are like grasshoppers" (Isaiah 40:22). This passage clearly states that the Earth is a circle, not a sphere. In the book of Revelation, it is written, "And I saw a new heaven and a new Earth, for the first heaven and the first Earth had passed away" (Revelation 21:1). This passage shows that the Earth is

not eternal, but was created by God. It also shows that the Earth is not a planet, but a temporary dwelling place for mankind.

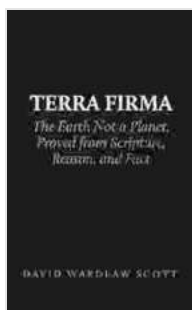

Reason

There are many reasons why the Earth cannot be a planet. First, planets are spherical. The Earth, however, is not spherical. It is a flat, stationary plane. Second, planets orbit the sun. The Earth, however, does not orbit the sun. It is stationary. Third, planets have gravity. The Earth, however, does not have gravity. It is held in place by the power of God.

Fact

There are many facts that prove that the Earth is not a planet. First, there is no curvature of the Earth. If the Earth were a sphere, there would be a noticeable curvature. However, there is no such curvature. Second, there is no evidence of gravity. If the Earth had gravity, objects would fall to the ground. However, objects do not fall to the ground. They float in the air.

The evidence is clear: the Earth is not a planet. It is a flat, stationary plane. This truth is supported by scripture, reason, and fact. It is time for us to reject the lie that the Earth is a planet and embrace the truth that it is a flat, stationary plane.
