

# Unveiling the Minds of the Mighty: Kerry Kennedy's Exclusive Conversations with Global Icons

*"When I think about Bobby Kennedy's legacy, what stands out aren't laws or policy. It's inspiration. What he and Dr. King, and other great leaders, were able to inspire in people was action; people followed the example these men set and went out and did something themselves."*

—BARACK OBAMA

*"[Robert Kennedy] understood that if you wanted real change it had to be rooted in bedrock values. He understood that in order for people to feel common ground they had to know you didn't look down on them and that you were pulling for them and you respected them. He understood that you couldn't just tell people what they wanted to hear; you had to give the same speech to everybody."*

—BILL CLINTON

*"[Robert Kennedy] personified what we need now in this country."*

—CHRIS MATTHEWS

*"[Robert Kennedy] empathized with people who didn't have power over their own lives, whether because they were poor, or black, or female, or young, or from another country. That capacity of mind and spirit seemed to have grown in him."*

—GLORIA STEINEM
